

# Word Search

Can you find these words?

_____	_____	_____	_____
_____	_____	_____	_____

_____	_____	_____	_____

List words you plan to “hide.” Using a pencil, write them in first, one letter in each grid space. Write forward, backward, vertically, horizontally, and diagonally. Fill in the blank grid areas with random letters. Go over all letters in ink, and erase stray pencil marks. Photocopy on “light” to make the gridlines and these instructions fade. Trade puzzles with a friend and work each other’s.

Note: Your Word Search may not require all the spaces in the 20 X 20 grid.
